

PACKAGES & PROGRAMS

NFI Certification Package

Includes: current reference manual for the course (Third Edition for Wood and Pellet; Fourth Edition for Gas); six-hour Review Course taught by an NFI Certified instructor; NFI exam; classroom setup; materials; lunch and breaks.

Upon completion, and with a passing grade, candidates will receive NFI Certification credentials, including ID cards with photograph, listing on the NFI website, and a press package to promote your certified status. Certificates are good for three years and, with appropriate CEU's earned, can be renewed indefinitely. Candidates who do not earn the required CEU's for renewal have the opportunity to retest at a reduced cost.

PLEASE NOTE: review of these materials will greatly enhance your chance of passing the exam. The review sessions are planned only as a review of the expanded manual content. **Review starts promptly at 8:00AM!**

READ and STUDY the Reference Manual!

NFI Certified Gas Specialist

This certification is for professionals who install or plan gas hearth appliance systems and covers the installation knowledge specific to gas appliances and venting, including regulations and instructions, fuel delivery, appliance requirements, venting and ventilation, and troubleshooting. All major gas hearth appliances: fireplaces, gas log sets, inserts, and freestanding stoves; and venting methods; including conventional Type B vent, direct vent, liner systems, and vent-free are covered.

NFI Certified Woodburning Specialist

This certification covers both solid fuel factory-built fireplaces and all types of wood stoves, including freestanding, inserts, and manufactured high efficiency fireplaces. In addition to core knowledge pertaining to woodburning appliances, installation and planning knowledge includes solid fuel appliance regulations and instructions, appliances, venting and ventilation, and troubleshooting.

NFI Certified Pellet Specialist

For professionals who plan and install pellet hearth systems, this certification covers the different approaches to pellet appliance fuel delivery, heat transfer, and venting systems. Planning, installation and troubleshooting knowledge covered includes such subjects as appliance components, electrical requirements, vent configurations and assembly, and common causes and solutions for pellet system problems.

ATTENTION TO ALL WHO ARE NFI WOOD CERTIFIED!

To correct the manual rewrite cycle, it is necessary to make a one-year extension for some NFI Wood Certifications that expire in 2011. If you were planning to renew your NFI Wood Certification **by exam** in 2011, your current certification will be extended until 2012 if you take a one-hour "Update & Re-Enforcement Course". There is a \$75 extension fee which includes the online course. Please call the MAHPBA office for more information.

All prices include shipping from Arlington, VA (2-3 days)
If you wish to have your materials shipped overnight, please add an additional \$40 to the prices shown.
